

## Electrical & Electrical Installations GUIDED TRAINING

### Undergraduate Training Program

#### Introduction

King Faisal Specialist Hospital and Research Centre (KFSH&RC) offers a diverse array of training programs to support the development of healthcare professionals. The Undergraduate Training Programs include Internship Training Programs, Practicum Training Programs, Transition to Practice Programs and Summer Training Programs, providing comprehensive clinical experience to undergraduate students.

---

#### Overview of Internship Training Programs

The Internship Training Program is a form of experiential learning that integrates knowledge learned in the classroom with practical application and skills development in a professional setting. Also, designed for non-medical interns, who enrolled in academic institutions. The aim of these programs is to provide interns with fundamental and essential practical skills.

---

#### Internship Program:

##### Electrical & Electrical Installations Guided Training

#### Program Overview:

The Electrical & Electrical Installations sections at King Faisal Specialist Hospital and Research Centre (KFSH&RC) Riyadh is committed to providing graduates / diploma holders of Electrical Engineering with the necessary knowledge and skills to prepare them for their future enrolment in allied health professional services and other related fields / organizations.
