Anesthesia Technology GUIDED TRAINING

Undergraduate Training Program

Introduction

King Faisal Specialist Hospital and Research Centre (KFSH&RC) offers a diverse array of training programs to support the development of healthcare professionals. The Undergraduate Training Programs include Internship Training Programs, Practicum Training Programs, Transition to Practice Programs and Summer Training Programs, providing comprehensive clinical experience to undergraduate students.

Overview of Internship Training Programs

The Internship Training Program is a form of experiential learning that integrates knowledge learned in the classroom with practical application and skills development in a professional setting. Also, designed for non-medical interns, who enrolled in academic institutions. The aim of these programs is to provide interns with fundamental and essential practical skills.

Internship Program:

Anesthesia Technology Guided Training

Program Overview:
Anesthesia Technology Internship is an obligatory period of experiential learning covering (6) six months where the graduate of the Anesthesia technologist is trained in the operating theater and intensive care unit to acquire the knowledge, skill, and competencies required to function as an independent Anesthesia Technologist.
