

## Emergency GUIDED TRAINING

### Undergraduate Training Program

#### Introduction

King Faisal Specialist Hospital and Research Centre (KFSH&RC) offers a diverse array of training programs to support the development of healthcare professionals. The Undergraduate Training Programs include Internship Training Programs, Practicum Training Programs, Transition to Practice Programs and Summer Training Programs, providing comprehensive clinical experience to undergraduate students.

---

#### Overview of Internship Training Programs

The Internship Training Program is a form of experiential learning that integrates knowledge learned in the classroom with practical application and skills development in a professional setting. Also, designed for non-medical interns, who enrolled in academic institutions. The aim of these programs is to provide interns with fundamental and essential practical skills.

#### Internship Program:

##### Emergency Guided Training

#### Program Overview:

The Ambulance Services Internship Program at King Faisal Specialist Hospital & Research Centre Riyadh provides interns with the needed knowledge and skills in EMS Department to become competent and confident paramedics. Interns are exposed to a variety of clinical and emergency medical situations and undergo training in clinical decision-making, safe patient transportation, patient management in varied scenarios and communication with other healthcare providers to provide quality, patient-centric care.

#### Program Objectives:

By the end of the training, participants will:

- Demonstrate safe lifting and moving techniques
- Record a complete set of vital signs including 12 lead ECG
- Interpret vital signs according to Ambulance Services Protocols
- Develop treatment plans according to Ambulance Services Protocols
- Organize transportation of patients safely to Emergency Department
- Explain endorsement to other healthcare providers

#### Acceptance Criteria:

- Internship request letter from Intern's sponsor
- Saudi national or born from Saudi mother only
- GPA 3.5 out of 5 and above
- Bachelor of Science in Emergency Medical Services
