

Clinical Audiology GUIDED TRAINING

Undergraduate Training Program

Introduction

King Faisal Specialist Hospital and Research Centre (KFSH&RC) offers a diverse array of training programs to support the development of healthcare professionals. The Undergraduate Training Programs include Internship Training Programs, Practicum Training Programs, Transition to Practice Programs and Summer Training Programs, providing comprehensive clinical experience to undergraduate students.

Overview of Internship Training Programs

The Internship Training Program is a form of experiential learning that integrates knowledge learned in the classroom with practical application and skills development in a professional setting. Also, designed for non-medical interns, who enrolled in academic institutions. The aim of these programs is to provide interns with fundamental and essential practical skills.

Internship Program:

Clinical Audiology Guided Training

Program Overview:

The Audiology Department at King Faisal Specialist Hospital and Research Centre is committed to training interns to deliver the highest quality of care in a highly specialized hospital environment to the people of Saudi Arabia. The duration of the internship will be 6 months covering pediatric and adult audiology. Interns will be trained to diagnose and manage hearing impairments. The program has been designed in accordance with national and international standards for students who have graduated with a Bachelor's degree in Audiology.

Program Objectives:

By the end of the training, participants will:

- Integrate theoretical knowledge with clinical practice
- Apply knowledge of pediatric and adult audiology within clinical practice
- Practice with professional confidence in the clinical environment
- Demonstrate good work ethics
- Develop clinical proficiency

Acceptance Criteria:

- Internship request letter from Intern's sponsor
- Saudi national or born from Saudi mother only
- GPA 4 out of 5 and above
- Pass the interview
