

Dental Hygiene GUIDED TRAINING

Undergraduate Training Program

Introduction

King Faisal Specialist Hospital and Research Centre (KFSH&RC) offers a diverse array of training programs to support the development of healthcare professionals. The Undergraduate Training Programs include Internship Training Programs, Practicum Training Programs, Transition to Practice Programs and Summer Training Programs, providing comprehensive clinical experience to undergraduate students.

Overview of Internship Training Programs

The Internship Training Program is a form of experiential learning that integrates knowledge learned in the classroom with practical application and skills development in a professional setting. Also, designed for non-medical interns, who enrolled in academic institutions. The aim of these programs is to provide interns with fundamental and essential practical skills.

Internship Program:

Dental Hygiene Guided Training

Program Overview:

The Dental Hygiene section at King Faisal Specialist Hospital and Research Centre is committed to training interns to deliver the highest quality of care in a highly specialized hospital environment. The duration of the internship will be 6 months covering pediatric and adult dental hygiene. Interns will be trained to diagnose and manage various cases. The program has been designed in accordance with national and international standards for students who have graduated with a bachelor's degree in Dental Hygiene.

Program Objectives:

By the end of the training, participants will:

- Relate theoretical knowledge with clinical practice
- Apply knowledge of dental hygiene in clinical practice
- Practice with professional confidence in the clinical environment
- Demonstrate good work ethics
- Develop clinical proficiency

Acceptance Criteria:

- Internship request letter from Intern's sponsor
- Saudi national or born from Saudi mother only
- GPA 4 out of 5 or above
- Valid English Qualification IELTS (minimum score 4.5 overall or equivalent)
- Pass the interview
