

Clinical Engineering GUIDED TRAINING

Undergraduate Training Program

Introduction

King Faisal Specialist Hospital and Research Centre (KFSH&RC) offers a diverse array of training programs to support the development of healthcare professionals. The Undergraduate Training Programs include Internship Training Programs, Practicum Training Programs, Transition to Practice Programs and Summer Training Programs, providing comprehensive clinical experience to undergraduate students.

Overview of Internship Training Programs

The Internship Training Program is a form of experiential learning that integrates knowledge learned in the classroom with practical application and skills development in a professional setting. Also, designed for non-medical interns, who enrolled in academic institutions. The aim of these programs is to provide interns with fundamental and essential practical skills.

Internship Program:

Clinical Engineering Guided Training

Program Overview:

The Clinical Engineering Department at King Faisal Specialist Hospital and Research Centre (KFSH&RC) is committed to provide graduates of Clinical/Biomedical Engineering with the necessary knowledge and skills to prepare them for their future enrolment with allied health professional services. The internship-training program focuses on enriching interns' theoretical knowledge in addition to enhancing their practical and hands-on training.

Program Objectives:

By the end of the training, participants will:

- Identify technical processes related to medical equipment from Services/Operation Manual
- Apply test equipment for medical equipment calibration malfunction
- Use technical database for medical equipment in case of reported technical problems
- Demonstrate technical steps of replacing parts of medical equipment given in the Services/Operation Manual

Acceptance Criteria:

- Internship request letter from Intern's sponsor
- Saudi national or born from Saudi mother only
- Bachelor and/or Diploma in Clinical or Biomedical Engineering
- GPA: 3.5 out of 5 OR 3 out of 4 minimum
- English language preferably

Clinical Engineering GUIDED TRAINING

- Written quiz by CE Department (minimum pass score 60%)
- Pass the interview

Duration:

- Six months.

Benefits:

- Medical coverage as per hospital policy.
- Certificate of completion.

Fees:

- 1,000 SAR per month (excluding 15% VAT).
